

Estate Services Supervisor (Grounds Maintenance)

The Estate Services team maintain the communal areas on our estates, our vision is to create communities where everyone has a safe home in a place where they're proud to live. We're big and we're local. Residents are at the heart of all we do and we use our size to influence positive change in the areas where we operate.

It's also about living our values which are at the **HEART** of what we do. All colleagues are expected to demonstrate a commitment to our values through their behaviours, actions and words on a daily basis. As a valued member of the Southern Housing Team, you'll embrace our Values to inspire others as well as yourself to be

- **H**onest
- **E**fficient
- **A**ccountable
- **R**espectful
- **T**rusted

You'll demonstrate our HEART values in your behaviours. You'll:

- Be authentic, open and transparent in your actions and words
- Believe that by working together we accomplish more, and work hard every day to improve services, efficiency, and value for money.
- Take responsibility for delivering excellence and own your own actions.
- Embrace difference, and put our residents, colleagues and our partners at the heart of all you do.
- Do what you say you will and be relied upon to keep your promises.

And, of course, show commitment to our approach to Equality Diversity & Inclusion, Health & Safety, Compliance and Code of Conduct policies and practices within Southern Housing.

The role

Estate Services is at the frontline of the housing service and the first and most frequent point of contact for all our residents. Sometimes the Estate Services function is the only experience our customers have of Southern.

The Estate Services Ground Maintenance Supervisor main responsibilities will be to support the Grounds Maintenance Manager in delivering an efficient and value for money grounds maintenance service, this will include supporting a team that provides the service in a specific geographical area and acting up in the Ground Maintenance Managers absence. You will be responsible for monitoring standards and highlighting areas on schemes where improvements can be made in line with Southern Housing's Biodiversity toolkit.

This is a hands-on role; therefore, you will be required to have knowledge and the ability to physically carry out grounds maintenance work to our specification. The role will also involve overseeing the work of contractors in areas such as tree maintenance. You will also be responsible for conducting estate inspections, ensuring that service delivery meets a high standard and promptly reporting any communal repairs or compliance issues. Additionally, you will play a crucial role in collaborating with other front-line teams to enhance resident satisfaction.

The location

You'll be based at one of our local offices or hubs.

What you'll be doing:

- Within a designated geographical area, supporting the Estate Services Grounds Maintenance Manager to ensure the effective and efficient delivery of grounds maintenance estate services, this will include covering management responsibilities in the absence of the Ground Maintenance Manager and supporting the mentoring of trainees.
- Helping to ensure that the team are safe and have completed their risk assessments/HAV, ensure the team are up to date with any relevant health and safety training, and comply with lone working arrangements. This includes actively promoting and enforcing health and safety protocols to maintain a safe working environment for all team members.
- Responding to enquiries from colleagues or residents about the services delivered by the team. This includes promptly addressing any issues, providing updates, and ensuring clear and concise communication.
- Supporting the Grounds Maintenance manager to carry out estate inspections, checking that our schemes are well maintained and reporting any service issues, communal repairs, compliance hazards or tenancy management problems.
- Identifying areas on our schemes where improvements can be made, this must be inline with our Biodiversity toolkit and budget.
- Monitoring and ordering supplies, ensuring that the team have the tools, equipment and products required to complete their tasks' efficiently, ensuring machinery is serviced in line with manufactures recommendations. This involves tracking inventory, placing orders in a timely manner and ensuring cost effectiveness.
- No role profile can cover every issue which may arise within the post at various times and the postholder is expected to carry out other duties from time to time, which are broadly consistent with those described.
